D. Interest Free period:

Interest free period can range up to 51 days depending on the Payment Due Date. Payment Due Date can be between 18 and 21 days after the Statement Date. To check for exact Payment Due Date, refer monthly credit card statement. Depending on the Payment Due Date, credit free period can range from 18-48 days or 21-51 days. Interest-free period is not applicable if Total Amount Due is not paid in full.

Illustrative Example for Interest Free Period Calculation:

For a statement for the period 11th April to 10th May the payment due date will be 28th May. Assuming you have paid your Total Amount Due of the previous month statement by the payment due date, the interest free period would be:

For a purchase dated 12th April, the interest free grace period is from 12th April to 28th May which equals to 47 days and for a purchase dated 2nd May, the interest free grace period is from 2nd May to 28th May which equals to 27 days. However, if you have not paid the previous month's balance in full before due date, then there will be no interest free period.

E. Finance Charges (Interest Charges):

Interest will be charged as per Table 8; on a daily accrual basis if the Total Amount Due of the previous statement is not paid in full on or by the payment due date. Interest will be charged on the Total Amount Due and on all new transactions except Fees/charges and GST/Taxes (on the transaction date) till such time as the previous outstanding amounts are paid in full. In addition, interest will be levied on all cash advances from the date of the transaction until the date of payment excluding Kotak Solitaire Credit Card, Gold Fortune and 811 #Dream Different Cardholders, as they enjoy interest free period for all Cash Advances. Interest would also be charged if the full payment is received after the due date but before the next statement date. If you have been making a partial payment but you have paid the current statement outstanding in full on or before Payment Due Date then Interest will not be charged. E.g. 20th June statement total balance is ₹5000. Payment Due Date is 11th July. Payment of ₹5000 is made on 8th July. No interest will be charged in 20th July statement.

F. Illustration of Interest Calculation:

Formula for Interest calculation = Amount*rate of interest per month*no of days /12months/365

Assume that you have paid all previous dues in full, and there is no outstanding due on your Credit Card Account. Your monthly statement is generated on the 25th of every month. You have purchased household goods for ₹10000 on 10th May and withdrawn cash from an ATM for ₹2,000 on 16th May. Statement on 25th May will be generated with Total Amount Due of ₹12,617.16 and MAD amount of ₹737.16 consisting of total of Retail Purchase and Cash Advance, Cash Advance Fee of ₹500, Interest on Cash Advance, GST on Cash Advance Fee & Interest Charges. Assuming interest rate is 3.50% monthly (42.00% annualized), Interest on Cash Advance of ₹2,000 will be calculated from 16th May to 25th May (i.e. for 10 days) = ₹2000*3.50%*10/12/365 = ₹23.01. MAD is calculated as 1% of Retail Purchase & Cash Advance = ₹12,000*(1% of 12,000) plus 100% of all fees and charges = ₹617.16 (₹23.01+₹4.14+₹500+₹90). GST @ 18% is applied on Cash Advance Fee of ₹500 and Interest of ₹23.01 respectively.

Assuming in the above example, the Payment Due Date is 12th June and you made partial payment of only the MAD amount of ₹737.16 on 12th June with no new fresh purchases. Here, payment of ₹737.16 will be adjusted first against fees and others charges totaling to ₹ 617.16 and balance ₹120 against Cash Advance.

Assuming in the above example, the Payment Due Date is 12th June and you made only the MAD amount payment of ₹737.16 on 12th June with no new fresh purchases. In this case, payment of ₹737.16 is adjusted first against fees and others charges totaling to ₹617.16, balance ₹120 against Cash Advance.

Interest levied in statement generated on 25th June will be calculated as follows:

a. Interest on Cash Advance of ₹2000 @ 3.5%pm from 26th May to 12th June (i.e. 18 days)	(₹2000*3.5%*18/12/365)	₹41.42
b. Interest on Purchase of ₹10000 @ 3.5%pm from 10th May to 25th June (i.e. 47 days)	(₹10000*3.5%*47/12/365)	₹540.82
c. Interest on balance Cash Advance of ₹1880 after payment adjustments @ 3.5%pm from 13th June to 25th June (i.e. 13 days)	(₹1880*3.5%*13/12/365)	₹78.12
Total Interest levied in 25th June statement will be	a+b+c	₹610.37

Total Payable for 25th June statement = (Previous Statement Total Due – Payment Made + Total Interest & GST of current billing statement). Total Amount Due = (₹12,617.16 – ₹737.16 + ₹610.37 + ₹109.87) = ₹12600.23. Minimum Amount Due = ₹839.04 (1% of balance Retail purchase and Cash Advance & 100% of interest and GST). Above mentioned illustration is applicable for a revolving interest rate of 3.5% p.m. & interest may vary depending on the card variant. Actual interest calculation and Due Date would vary based on the individual purchase and revolve behavior.

Note: If you spend ₹1,000 and you pay back exactly the **Minimum Amount Due ("MAD")** every month, then it may result in repayment stretching over 14 months (calculation done with MAD as 1% subject to minimum capping of ₹100) with compounded interest payment on the outstanding amount. It is therefore suggested that whenever cash flow is available with you, substantial amount more than MAD be paid to the Bank.

Interest & Late Payment Charges will be applicable as mentioned in schedule of charges if no payment or payment made is less than MAD amount.

2. Credit and Cash Withdrawal Limits

Credit Limit means the maximum limit up to which you are authorized to spend on your Credit Card. Cash Limit means a subset of your Credit Limit and is lower than the Total Credit Limit. Bank will make the cash limit available to the Cardholder at its sole discretion and on such terms as may be communicated by the Bank from time to time. Add-On cardholders share the same limits as that of the Primary Account Holder. The Credit Limit and Cash Withdrawal Limit will vary for each Cardholder and is communicated at the time of delivery of the Card. It is also indicated in the monthly statements. The available Credit Limit at any time is the difference between available Credit Limit & Outstanding balance on the Card at that point of time. The available Credit Limit at the time of generation of each monthly statement is provided as a part of the said statement. The Cardholder must not exceed his Credit Limit/Cash Limit under any circumstances. However, as per cardholder's explicit consent, the Bank may allow the facility to transact above assigned credit limit, and accordingly over limit fee/charges as applicable will be levied. In case you hold multiple Credit Cards with the Bank, total spend on all your cards will be restricted to the highest credit limit assigned on any of the cards. Any transaction(s) done in excess of the credit limit shall be declined (except in cases where explicit consent is obtained for over-limit facility and subject to eligibility as per Bank policy). If you opt for availing international transactions at the time of applying for the Card, the Credit Limit for international transactions will be the same as the maximum limit. If you wish to disable international transactions or increase/decrease the Credit Limit for international transactions then you can do so through Net Banking/Mobile Banking. Bank shall review the credit limit assigned to customer's card account from time to time and at its sole discretion offer limit enhancement (with specific validity period). Basis explicit customer consent, Bank will process the limit enhancement request across all active Credit Card(s) held under the same relationship by the customer, subject to eligibility at the time of processing. Bank reserves the right to withdraw the offer to the customer at any given time. If the Cardholder seeks to increase his credit limit, Bank only may decide to increase the credit limit on request. Cardholder shall provide certain financial documents declaring his/her income as applicable to review the Credit Limit and offer limit enhancement. Acceptance of such request is at the sole discretion of the Bank.

3. Your guide to Bill Payment

A. Your Statement

Bank will send you a monthly statement, e-mail and/or physical, through the delivery mode as specified by the Bank for each billing period during which there is any transaction/payment or any amount outstanding on the Card account. No statement will be sent/generated where the outstanding due is less than ₹100 and no transaction is done on your Card account. Kotak NRI Credit Cardholders & Kotak UI RuPay Virtual Credit Cardholders will receive statements via e-mail only. Non- receipt of statement would not affect your obligations and liabilities under the Cardholder Agreement and you shall be liable to settle at least the Minimum Amount Due before the payment due date.

B. Choose what amount you prefer to pay

If your payment of at least the MAD amount is received on or before the payment due date, you avoid Late Payment Charges. Minimum Amount due (MAD) as reflected in billing statement should be fully paid on or before Payment Due date to avoid any Late payment charges. Minimum Amount Due is calculated as 1% of all purchase transactions and cash advances & 100% of EMI, Fees/Charges & Tax, as applicable. Any finance charge (interest charge), if levied, 100% of such amount which form part of Minimum Amount Due. If as on the billing date the total outstanding is more than the credit limit sanctioned, then any such amount by which the outstanding exceeds credit limit, shall be added in full to Minimum Amount Due. This shall be over & above the Minimum Amount Due as calculated above. If there is any unpaid Minimum Amount Due for previous month, it shall also be added in the current month MAD. Such carry forward will not factor in any over limit amount for previous month. Minimum Amount Due = 1% of Purchase Transaction & Cash advances + 100% of EMI + 100% of Fees/Charges (including finance or interest charges + 100% of Tax, as applicable + 100% of over limit amount as on billing date + Any unpaid MAD for previous month (excluding the over limit amount for previous month).

On payment of total outstanding on or before payment due date, no finance charge (interest) will be applied on customer. Customer should always attempt to pay total amount outstanding to avoid interest charges. If customer pays any amount less than total outstanding on or before payment due date, interest free credit period for the month will be suspended. **Make only the minimum payment every month. Minimum payment would result in the repayment stretching over months/years with consequential compounded interest payment on your outstanding balance.**
